

ROOTS **2** STEM

Popular birthday party themes include: Star Wars, electronics, building airplanes, Mars habitat, RC cars, robotics, coding, 3D printing & much more.

To book your child's party call 403-257-4200 or email info@roots2stem.ca.

Roots 2 STEM is proud to offer theme birthday parties! Invite all your friends to a fun, action-packed, hands-on science, technology, and/or engineering experience party at our one-of-a-kind high-tech 4000 sq. ft. lab! You pick the basic theme and we will create with you a customized party experience based on age and interest!

Basic Package:

- 90 minute science, technology, and/or engineering experience party for you and your friends
- Dedicated lab with equipment and tools*
- Enthusiastic technical instructor and party leader

**Cost: \$25 +GST per child
(minimum of 8 children)**

* Does not include the cost of specialized kits/supplies.

Add to your Roots 2 STEM birthday experience through:

- Access to party room with party decorations, plates, napkins, cups & cutlery.
- Party room package with birthday cake and/or pizza.
- Special gift for birthday child.
- Science, technology, and/or engineering themed gift bags for each guest to take home.
- WiFi, coffee and sweets for guests' parents during the party.
- Extended party time for special building themes with pre-ordered kits/supplies – each guest gets to take home.
